A Message from the new Principal

Krista Barnes

04092020

My warmest greetings to the Talbot Primary School community. It is with great happiness that I am able to introduce myself as the new Principal. My sincere gratitude to the panel for their belief in my capabilities to lead their school.

I am feeling extremely excited to meet the wonderful students from Talbot PS, the staff team and families. I look forward to working with you all, as we plan and set the future directions of the school. I have worked in the education sector for 14 years and I am currently the Acting Principal of Yaapect PS, a lovely country school in the Mallee. My home is based in Ballarat and I feel privileged to be able to fulfil my dreams of being a Principal in a country school and return home. I am also looking forward to a very long connection to the school, building the school through the next review process and achieving our school goals.

I have two amazing adult children, Beccy and Lincoln as well as my dog Maia and two cats. Maia my Golden Retriever loves to come to school with me and absolutely loves children, so I am hoping she can meet you all in Term Four.

From the Acting Principal

Dear parents and carers,

I hope you all are having a good week. Spring is finally upon us so let's hope we can enjoy some finer weather that allows us to spend a little more time outside in the sunshine.

As the end of term draws near, and hopefully with that the conclusion of Remote and Flexible learning it is important that we finish off strong and ensure all child/ren complete and submit their assigned work.

As our teachers have tried their best to make this round of Remote and Flexible learning more autonomous with less of a parent directed focus than last time, some of the children have picked up on this and have not been completing their daily tasks.

Please ensure that you check in on your child/ren during the day by asking what learning tasks they have been assigned and checking that it has been completed and uploaded to their respective teachers to view and check off.

There are two helpful new resources to help you support your children during remote and flexible learning.

Raising Learners podcast

The Department of Education and Training has funded a 10 episode podcast series through the Raising Children Network called 'Raising Learners'. It features parenting experts from organisations including the Murdoch Children's Research Institute, Career Education Association Victoria, as well as the Australian eSafety Commissioner, Julie Inman-Grant. Raising Learners provides parents with practical advice, tips and ideas for supporting children's health, wellbeing and engagement at school and at home. Topics include how to connect with your child's school and community, how to best support your child's learning, what to expect for VCE and VCAL students and how to keep your child safe online. These topics were drawn from common questions that parents raised with the Department's coronavirus (COVID-19) hotline and Parentline. The first three episodes will be available on 1 September, and the rest throughout terms 3 and 4. Raising Learners can be accessed via podcast apps and [Raising Children Network website](#).

Managing the Coronacoaster webinar

Renowned child psychologist Dr Michael Carr-Gregg is back by popular demand to repeat his Coronacoaster webinar. On 15 September, Dr Michael Carr-Gregg will again present Managing the Coronacoaster – Tips for building resilient families in the coronavirus era. His first webinar in August booked out in three days, with more than 12,000 registrations. In this webinar, Dr Carr-Gregg provides tools and strategies for parents and carers to help manage the lockdown period and remote learning. Topics include:

- your supportive role
- setting the emotional tone
- focusing on what you can control
- how to deal with disappointment

more resources and where to get support.
