## **Aspiration \* Kindness \* Safety \* Tenacity**

Term 4 Week 5 - Monday 3 November, 2025

Dear Families,

Term 4 is flying by and we are fast coming up to our Energy Breakthrough adventures! Thank you so much to Mrs Katzer and the 4/5/6 students who have been working extremely hard in preparation of attending the event from the 19-21 November. Also, a huge acknowledgement to the parents/carers who have attended training to supervise traffic corners.

## 3/4 Camp to Roses Gap

Congratulations to the staff and students who attended camp in Roses Gap last week. Students were incredibly engaged and well-behaved. This meant that staff from all Cluster Schools were able to supervise and support students with ease and enjoyment. Well done, everyone!

## **Curriculum Day Learnings**

Our teachers and Education Support staff had a fabulous day of learning at the Highland Society earlier this week. While teachers analysed writing data from NAPLAN, ES staff were learning about adjustments and the importance of oral language development.

We then came together in the afternoon for a sessions about self-care for students and staff.

A huge thank you to the Dunolly Cluster Principals for organising the day and bringing all of the staff from six schools together.

## Smile Squad - 6 month fluoride varnish visit 11th and 12th December 2025

The Maryborough District Health Service Smile Squad team are heading back to our school to complete six-monthly fluoride varnish applications for those students who have provided consent. Fluoride varnish applications help make sure students have the best chance of preventing tooth decay, so we're excited Smile Squad are coming back.

Consent for this fluoride varnish application was provided when students' initial consent forms were returned. However, if anyone has changed their mind and do not wish to receive a fluoride varnish application, they can contact Maryborough District Health Service Dental Service directly to let them know. Please contact the Smile Squad team via: (03) 5461 0388

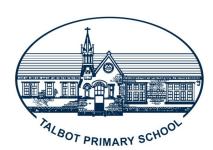

## Stay Up to Date

Please keep an eye on the Sentral calendar for upcoming dates. The last six weeks of 2025 will go very quickly. Please place **Wednesday 10 December @ 6pm** in your calendars for our Graduation & Presentation Night.

Mrs Kelly ~ Principal

We would like to acknowledge the Djaara People, the traditional owners of the Dja Dja Wurrung lands where Talbot Primary School is situated.

We would also like to pay our respects to their Elders, past and present.

### KIDS VOUCHER PROGRAM

Get Active Victoria is also home to the Get Active Kids Voucher Program, which is helping families afford the cost of organised sport and recreation for their kids. You don't need to join Get Active Victoria to apply for a voucher, but there are eligibility requirements. Find out more about how and when to apply for a voucher.

## Jumper Orders ~ for 2026

If you are wanting to order a new jumper for your child for 2026, please let Kylie know at the office by 3:30pm on <u>Friday 5th December.</u>

## NEWS FROM THE PANTRY fresh fruit will be sent home as available this term!

Your Voice, Our Future

## Help shape the future of your health service

Maryborough District Health Service (MDHS) wants to hear from you.

As our strategic plan comes to a close, we're developing a new plan to guide the health service into the future.

The first step is a community survey called Your Voice, Our Future.

We would appreciate a few minutes of your time to share your views.

- What do you need regarding local health services?
- What matters most when it comes to your healthcare experience?
- How can we improve?

Scan the QR code to get started, or pick up a paper copy from an MDHS campus and return by 11 November.

The survey is anonymous and takes just a few minutes.

Your feedback will help shape what comes next.

Let's change the healthcare story, together.

Connecting our community to GREAT care

## Please check your child/ren's hair.

## WHAT ARE HEADLICE?

Headlice are small insects that live and multiply in the hair. They feed on blood from biting the skin. They do not have wings, so they spread from one person to another by close contact.

## **FACTS**

- Do not carry or spread any diseases.
- Only found on humans and do not live on animals.
- Cannot survive for more than two days in any other environment, like carpet or furniture.
- Nits are the eggs of head lice. Brown-black nits are eggs that haven't hatched, and white nits are eggs that have already hatched.
- Dandruff and headlice can look similar. Dandruff can be easily brushed off whereas head lice cannot be flicked off.

## SYMPTOMS OF HEADLICE

- Scratching the head especially around the back of their neck and behind the ears.
- Small, oval-shaped, white or brown-black nits at the roots of the hair.
- Red and irritated scalp.

## HOW TO CHECK FOR HEAD LICE

- Sit your child in a well-lit area. Make sure their hair is dry.
- Divide hair into small sections.
- Use a fine-tooth lice comb. After each stroke, wipe the comb on a white tissue or paper towel to check for lice or nits. Lice would be tiny brown insects with legs, and nits would be white or tan oval eggs stuck close to the scalp.
- Comb each section until nothing is found, then move on to the next.

## TALBOT PRIMARY SCHOOL

The Future Begins Here

## FOUNDATION 2026

Talbot Primary School is a happy and supportive learning environment where students are inspired to achieve their best academically and make a positive contribution to their community. At Talbot Primary School, students are encouraged to be independent learners who are confident in themselves and their learning. Students are guided to be resilient, responsible, kind and respectful of others.
